

FUEL UP FOR “Young Wheelers” CAMP AMERICA – 2017

Camp Information: Camp is the place to be during school breaks throughout the year! Join us at America On Wheels Museum for a fun-filled camp experience **for ages 6-12**. Our campers will learn how engines work, build a car, learn how cars are designed and more!

In the winter and spring, you can register for one day of camp, two days or a full four days. It’s a perfect time to try **“Young Wheelers” Camp America**, so bring a friend or look forward to making news ones!

Included:

- Our day begins with challenges within our “Auto Mystery Investigation Trunk”
- Healthy snacks and icebreakers help us learn about each other as we explore the Museum Galleries which includes a fun museum scavenger hunt
- We often have visits from special educators and presenters to enrich the camp experience. Programs include: Learning about Safety, Behind the Ropes and Under the Hood, Putt-Putt How Does this Engine Work, Chassis Building, Different Engines with Different Fuels along with Music and Movement through our newest program called CarTunes. Of course we can’t forget about our young artists as they design a unique CLASSIC CAR to be displayed in the Museum Library
- Each child receives a Camp T-shirt and Museum water bottle

General Information:

1. Camp takes place during the summer months. (See Schedule for Camp Dates)
2. Campers arrive at the Museum where they are signed in and welcomed by Camp Administrators
3. Parking is easy for drop-off and pick-up (lot attached to the Museum)
4. Contact number to save concerning questions: 610.432.4200 x 11 / Education

For those registering for camp, there is a 10% discount available for siblings and those with a family membership to the Museum. Please be sure to indicate whether you qualify for those discounts when asked on the registration form to avoid being charged full price; discounted payments can only be made over the phone or by check/and most charge cards are accepted.

SO FUEL UP *Young Wheelers*: After going over the day’s schedule, lessons and projects, we venture into the galleries where campers explore the day’s topics through the Museum’s artifacts and historic spaces, making observations, enjoying hands-on activities, drawing, creating, designing, photographing and engaging under the guidance of **“Young Wheelers” Camp America**.
